2019 NEW PRODUCT

BOLD NEW CONCEPTS TO HELP YOU WORK COMFORTABLY & PRODUCTIVELY.
NEW PRODUCTS 2019

You don’t work in one fixed position, so neither should your torch rest.

The height and angle adjustable ReadyRests attach securely to any steel surface for safe and convenient holding of your torch and cable for full access while you work. The unique adjustable cable hanger provides cable control for safety, and ease of handling.

Store your torch on the ReadyRest to prevent damage and create a clean, organized work area.

Features:

- DEEP BEND for extra-secure torch holding.
- ROUNDED EDGES prevent scratching.
- ADJUSTABLE CABLE HANGER holds cable "slack" for safety and reduced wrist fatigue.

This deluxe MIG Rest includes the Park N’ Snip feature!

Cut your MIG wire to the ideal length without taking off your gloves! Get a precise cut every time, without guesswork.

Insert your MIG Pliers through the two slots, rest your nozzle on the parking plate, and snip. Now you can easily trim the wire to the ideal length for better weld control.

NEW PRODUCTS
2019

The ABC Rule for greater work quality - *Always Be Comfortable* while welding.

This affordable, fully adjustable Arm Rest with the fully articulated arm, supports your extended arm while working. Steady your arm or hand, for greater weld control and reduced fatigue.

The 2-section Articulated Arm is height adjustable [slide up or down the support column A] and swivels quickly and easily for work in precise locations.

The comfortable, generously sized arm cup B turns in a 360° arc for complete freedom in positioning, and instant re-positioning.

Place the sturdy, anti-tipping, magnetic base plate C on any steel surface and level by adjusting the two leveling bolts.

Be comfortable while welding, and perform precision work by having the right tools in your shop.

This affordable, fully adjustable Wrist Rest has solid steel construction for durability and optimal stability. “Carry” your MIG or TIG torch smoothly along the 11” travel length of the Stainless Steel Rest Bar.

The Rest Bar is height adjustable [slide up or down the support column A].

Place the sturdy, anti-tipping, magnetic base plate B on any steel surface and level by adjusting the two leveling bolts.

For space-saving storage, remove the Rest Bar C from the adjustment column for vertical docking.

An important addition to any welding setup. Steady your wrist for accurate welding and greater work quality with less fatigue.

The fold-out Plasma Cutting Tray easily folds down flat against the Rhino Cart® when not in use.

ESSENTIAL EQUIPMENT FOR HANDLING GAS CYLINDERS:

GAS HOOK

- Six multi-purpose hooks for holding your helmet, gloves, tools, and other welding essentials.
- Keep gear off the ground and organized in one place for easy reach.
- The Gas Hook easily fits over the cylinder top and regulator for easy placement and removal.
- Plated Steel construction.
- 2" deep Dual-Prong Hooks provides convenient, secure storage or temporary holding of costly welding helmets.

Dimensions: 9" W x 7" D x 4" H
Weight: 1.5 lb

GCH140

GAS GRABBER

- Two handles for safe, two-person team lifting.
- 8-point cylinder contact and friction pads provide a positive, safe hold.
- Scissor-action handles automatically engage for secure lifting.

Dimensions: 20" W x 11" D x 4" H
For Cylinder Size: 8.5" to 9" Dia.
Weight: 7 lb

GCL230
This new CYLINDER CART allows you to safely lift, move, place and store heavy cylinders. The sliding Stainless Steel Keeper Bar holds the cylinder securely in place without the use of chains or straps.

Lift cylinders for placement on an elevated platform, such as a welding cart or pallet. [up to 7” high]. Two 3” rear locking wheels provide easy movement + stable storage.

Product Specifications:

Rugged round steel tube welded construction for strength and durability, with powder coated finish.

Wheels: 8” pneumatic wheels + 3” locking wheels for mobility and storage

Load Capacity: 400 lb

For Cylinder Size: 8.5”~9”

Net Weight: 48 lb
THE TOP 10 PRODUCTS OF 2018!

The results are in!

These are the "TOP PERFORMERS" welders and fabricators relied on to help them work efficiently and accurately in 2018.
